CURRENTLY SOFTWARE ARCHITECT AT DIGITEC GALAXUS

Roman Weis

Senior Full Stack Engineer .NET / Angular / React

Zurich, Switzerland

Senior Full Stack Engineer with proven delivery experience in C#/.NET Core, Angular, React, and SQL Server, including prior work in regulated banking and insurance environments. Comfortable taking end-to-end ownership of design, implementation, deployment, and monitoring in DevOps-centric, agile teams.

PROFESSIONAL EXPERIENCE

Software Architect
Aug. 2024 - Present

Digitec Galaxus AG · Zurich

- End-to-end ownership of full stack development on Switzerland's largest e-commerce platform, using C#/.NET Core, Blazor and SQL Server
- Modernize business-critical legacy systems into resilient, scalable services applying Domain-Driven Design and microservices patterns
- Drive cross-team backend and frontend initiatives in highly complex business domains, collaborating with Solution Architects and Product Owners
- Active in engineering communities and AI Coding Guild, sharing knowledge and shaping company-wide engineering practices

Senior Full Stack Engineer .NET/Blazor (Contract)
May 2023 - Jun. 2024

Axpo Group · Baden

- Designed, implemented, deployed, and monitored microservices in C#/.NET, SQL Server, and Blazor for international energy trading in a regulated environment
- Delivered business-critical data platform for trade processing and reporting, applying TDD and BDD throughout
- Built automated CI/CD pipelines using Azure, Terraform, TeamCity, and Octopus Deploy
- Worked end-to-end in a cross-functional, DevOps-centric agile team

Senior Full Stack Engineer .NET/React (Contract)
Jun. 2022 - Apr. 2023

Swiss Life Group · Zurich

- Full stack development in C#/.NET, GraphQL, React Relay, MongoDB, and Kubernetes for the production insurance portal of a regulated financial services provider
- Migrated millions of customer records from SQL Server to SAP C4C, ensuring data quality and operational continuity
- Implemented insurance product flows and self-service features with high stability and accuracy requirements
- Participated in planning, refinement, and merge request reviews in agile, regulated finance teams

Founder, Architect & Full Stack Engineer
Mar. 2020 - May 2022

Stamy Booking GmbH · Zurich

- Architected and built a SaaS platform end-to-end using C#/.NET microservices, Angular, React, and Next.js frontends
- Implemented booking, billing, and self-service flows with payment integrations and REST APIs
- Operated multi-cloud infrastructure across Azure, GCP, AWS, and Hetzner with CI/CD and observability

SKILLS

BACKEND DEVELOPMENT

- C#/.NET Core
- Service-Oriented Architecture & Microservices
- REST Web Services & GraphQL
- Event-Driven Integration (Kafka, Avro)

FRONTEND DEVELOPMENT

- Angular & TypeScript
- React & JavaScript
- Micro-frontends via Module Federation
- Responsive, production-grade UIs

BANKING & WEALTH MANAGEMENT

- Private banking platforms for HNW clients
- Tax reporting & regulated finance systems
- Insurance portals (Swiss Life)
- Forex backtesting & market data analysis

DATABASES & DATA

- Microsoft SQL Server & T-SQL
- PostgreSQL, MongoDB, RavenDB
- Data migrations, reporting & ETL
- Processing pipelines for trading & finance

DEVOPS & QUALITY

- Azure DevOps, GitHub, TeamCity, Octopus Deploy
- CI/CD pipelines & Infrastructure as Code
- Kubernetes & Docker
- TDD, BDD & automated testing

ARCHITECTURE & METHODOLOGY

- Domain-Driven Design (DDD)
- Agile/Scrum & Continuous Delivery
- Scalability, resilience, performance
- Solution design with architects & POs

Senior Software Engineer
Nov. 2019 - Feb. 2020

Maison du Software (Planzer Spin-off) · Zurich

- Senior full stack development of logistics applications in C#/.NET, Angular, and SQL Server
- Introduced Scrum and Continuous Delivery practices using Azure DevOps
- Mentored junior developers in architecture, testing, and clean code principles

Full Stack Engineer .NET
May 2017 - Sep. 2019

Zühlke Group · Schlieren

- Full stack development in C#/.NET Core, SQL Server, T-SQL, and Angular for Julius Baer serving high-net-worth clients in a regulated finance environment
- Modernized a complex legacy tax reporting system using .NET Core, SQL Server, Docker, RavenDB, and Angular

Software Developer (Forex Backtesting)
Jan. 2017 - May 2017

Freelance · Zurich

- Developed a Java application for backtesting forex trading strategies with real-time market data analysis and persistent storage

Aerodynamics Engineer (GT Compressor)
Oct. 2012 - Dec. 2016

Ansaldo Energia (formerly Alstom Power) · Baden

- Modernized the legacy Rolls-Royce design system with Python, PyQt, and PostgreSQL for data analysis, numerical evaluation, and internal tooling
- Aerodynamic design of gas turbine compressors for power generation

EDUCATION & CERTIFICATIONS

Master of Computer Science (Grade 1.4)
Graduated 2019

University of Applied Sciences Trier - Distance Learning · Trier / Remote

- Master's Thesis: Domain-Driven Design, Microservices Architecture, CQRS, Event Sourcing (Grade 1.0)
- Specialized in distributed systems, software architecture patterns, and enterprise integration

Diploma in Mechanical Engineering (Grade 1.7)
Graduated 2012

Technical University of Kaiserslautern · Kaiserslautern

- Specializations: Energy Technology, Mechanical Engineering Fundamentals, Fluid Mechanics

High School Diploma (Grade 2.2)
Graduated 2007

Christian von Mannlich Gymnasium · Homburg (Saar)

- General university entrance qualification

Certifications & Training
2018 - 2022

iSAQB · IREB · Vaughn Vernon

- Certified Professional for Software Architecture, Foundation Level (iSAQB), Oct. 2022
- Certified Professional for Requirements Engineering, Foundation Level (IREB), Apr. 2019
- Domain-Driven Design Workshop with Vaughn Vernon, Sep. 2018

LEADERSHIP & COLLABORATION

- Cross-functional, DevOps-centric teams
- Mentoring & engineering communities
- Stakeholder communication

SIDE PROJECTS & HOBBIES

dotnetagents.net

Technical platform on Agentic AI patterns built with the Microsoft Agent Framework.

Chess

Active player in online and live tournaments.
