CURRENTLY SOFTWARE ARCHITECT AT DIGITEC GALAXUS

ROMAN WEIS

Software Architect & Engineer

Zurich, Switzerland

Experienced Software Engineer & Architect specializing in Domain-Driven Design, legacy applications modernization, and cloud-native architectures.

PROFESSIONAL EXPERIENCE

Software Architect
AUG. 2024 - PRESENT

Digitec Galaxus AG · Zurich

- Leading architectural evolution of Switzerland's largest e-commerce platform serving millions of customers
- Modernize and improve legacy systems to meet the demands of a rapidly growing online retail business
- Applying DDD principles to improve resilience and scalability of warehouse logistics systems
- Driving cross-team initiatives in highly complex business domains
- Pioneering AI-assisted development workflows and tooling to enhance engineering productivity

Fullstack Engineer .NET/Blazor (Contract)
MAY 2023 - JUN. 2024

Axpo Group · Baden

- Architected and developed an energy data platform supporting international trading operations
- Built automated infrastructure and CI/CD pipelines using Azure, Terraform, TeamCity, and Octopus Deploy

Fullstack Engineer .NET/React (Contract)
JUN. 2022 - APR. 2023

Swiss Life Group · Zurich

- Developed features for insurance platform using React Relay, GraphQL, .NET/C#, MongoDB, and Kubernetes
- Led data migration initiatives from SQL Server to SAP C4C affecting millions of customer records

Founder, Architect & Developer
MAR. 2020 - MAY 2022

Stamy Booking GmbH · Zurich

- Founded and architected SaaS platform for fitness and wellness industry from concept to market launch
- Built multi-cloud infrastructure spanning Azure, GCP, AWS, and Hetzner
- Developed multiple web frontends using Angular, React, and Next.js

Senior Software Engineer
NOV. 2019 - FEB. 2020

Maison du Software (Planzer Spin-off) · Zurich

- Introduced Scrum methodologies and Continuous Delivery practices using Azure DevOps
- Mentored junior developers in software architecture principles and clean code practices

.NET Fullstack Software Engineer
MAY 2017 - SEP. 2019

Zühlke Group · Schlieren

PERSONAL INFORMATION

DATE OF BIRTH
November 19, 1985

NATIONALITY
Swiss

ADDRESS
Spyristeig 35, 8044 Zurich

SKILLS

Domain Architecture

- Domain-Driven Design (DDD)
- Strategic Domain Modeling
- Bounded Context Design
- Event Storming & Context Mapping

Platform Architecture

- Microservices & Distributed Systems
- Event-Driven Architecture
- Modular Monolith
- Scalability & Performance

Cloud & Infrastructure

- Azure Cloud Services
- Google Cloud Platform (GCP)
- Kubernetes & Docker
- Infrastructure as Code

Programming & Technologies

- C#/.NET Core
- TypeScript, React, Angular, Next.js
- Java & Python
- GraphQL, REST APIs

Architecture Governance

- Architecture Decision Records
- Technology Evaluation & PoCs
- Cross-team Alignment

Leadership & Mentoring

- Technical Leadership
- Architecture Workshops
- Developer Mentoring
- Stakeholder Communication

Marketplace & E-commerce

- Payment Systems Integration
- Online Booking Systems
- SEO techniques

- Modernized complex legacy tax reporting system using .NET Core, SQL Server, Docker, RavenDB, and Angular
- Contributed as fullstack engineer across multiple Scrum teams for a private banking platform serving high-net-worth clients
- Applied Domain-Driven Design principles in Master's thesis focusing on software architecture modernization

Software Developer
JAN. 2017 - MAY 2017

Freelance · Zurich

- Developed a Java application for forex trading strategy backtesting with real-time market data analysis

Aerodynamics Engineer GT Compressor
OCT. 2012 - DEC. 2016

Ansaldo Energia (formerly Alstom Power) · Baden

- Led aerodynamic design of gas turbine compressors for power generation facilities
- Modernized legacy Rolls-Royce design system using Python, PyQt, and PostgreSQL
- Managed technical integration of design software during corporate acquisition, coordinating cross-functional teams

EDUCATION & CERTIFICATIONS

Master of Computer Science (Grade 1.4)
University of Applied Sciences Trier - Distance Learning · Trier / Remote

GRADUATED 2019

- Master's Thesis: Domain-Driven Design, Microservices Architecture, CQRS, Event Sourcing (Grade 1.0)
- Completed distance learning program alongside full-time software engineering projects
- Specialized in distributed systems, software architecture patterns, and enterprise integration

Diploma in Mechanical Engineering (Grade 1.7)
GRADUATED 2012

Technical University of Kaiserslautern · Kaiserslautern

- Specializations: Energy Technology, Mechanical Engineering Fundamentals, Fluid Mechanics
- Diploma Thesis at Rolls-Royce, Dahlewitz: Numerical Investigations & CFD Simulations of Casing Treatments (Grade 1.0)

High School Diploma (Grade 2.2)
GRADUATED 2007

Christian von Mannlich Gymnasium · Homburg (Saar)

- General university entrance qualification

Professional Certifications
2018 - 2022

iSAQB · IREB · Vaughn Vernon

- Certified Professional for Software Architecture, Foundation Level (iSAQB), Oct. 2022
- Certified Professional for Requirements Engineering, Foundation Level (IREB), Apr. 2019
- Domain-Driven Design Workshop with Vaughn Vernon, Sep. 2018

DevOps & Quality

- CI/CD Pipelines
- Observability & Monitoring
- Testing Strategies
